

Labor and Services Menu

Labor

Site Manager: All events require a Site Manager which will be billed separately from the permit fee at \$25/hour from load in to load out. Additional staffing required per event will be determined by the Washington Park Event Coordinator and billed to the client.

Operations Staff: Most events require some labor for setup, maintaining cleanliness and enforcing rules during the event, and then breakdown and cleaning to restore Washington Park back to normal operations post-event. The need for additional labor will be determined by Washington Park Event Coordinator.

Security Staff: The need for security staff is determined per event by the Washington Park Event Coordinator.

Sound Techs: The number of sound techs, hourly rate, and the hours they work will be determined by the services ordered, type of show (band, number of acts, announcements, etc.), load-in time, sound check, event duration, and load-out time.

Alcohol Package: Custom quote per event will include staffing and bar setup.
